### [Integrated services for migrants, social and intercultural dialogue](#)

On June 25th, CNRED representatives participated in the conference on the closure of the "*INTERACT Plus - Integrated Services for Migrants, Social and Intercultural Dialogue*" project, implemented by the International Organization for Migration (IOM), the Romanian Office, in partnership with the Ecumenical Association of the Churches of Romania – AIDRom, Schottener Social Services Foundation, Global Help Association Craiova and the Romanian Association for Promotion of Quality and Success Practices Braşov.

The project aims to support the socio-economic and cultural integration of migrants in Romanian society through an integrated One-Stop-Shop approach in providing the information and services they need, such as employment, access to health services, access to educational, cultural, housing and social services, active participation in community life, but also by strengthening the active collaboration and involvement of authorities/institutions, the private sector and other entities with integration responsibilities.
