[A new meeting with FLEX Romania fellows, 2021-2022](#)

At the invitation of the American Councils for International Education, Romania Branch, CNRED representatives participated, on May 22, 2021, in an online meeting with the new generation of FLEX Romania scholarship holders 2021-2022.

The FLEX experience exchange program is funded by the State Department of the United States Government and aims to offer high school students in Romania the opportunity to live in an American family and study in an American high school during the academic year 2021-2022. The FLEX program is implemented in Romania by the American Councils for International Education, in partnership with the United States Embassy in Romania and the Ministry of Education.

CNRED representatives had the great pleasure to discuss with the Romanian scholarship holders aspects regarding the recognition and equivalence of the studies carried out in the United States.
