Summary of decision on complaint 3254/2004/(OV)ID against the European Commission. In November 2004, the complainant filed a complaint with the Ombudsman, alleging that the Commission had failed to properly deal with his Article 226 EC complaint, concerning the Greek authorities' failure to recognise him as a Chemical Engineer on the basis of his professional qualification, obtained in the UK ...
- [Engineering Regulators | Engineers Canada](#) (2019/06/16 22:30)  
These engineering regulators are the constituent associations of Engineers Canada. They regulate the engineering profession and license professional engineers in Canada. What is the connection between Engineers Canada and its engineering regulators? Engineers Canada exists to support the engineering regulators.
- [Engineer - Wikipedia](#) (2019/06/16 09:01)  
The practice of engineering in the UK is not a regulated profession but the control of the titles of chartered engineer (CEng) and incorporated engineer (IEng) is regulated. These titles are protected by law and are subject to strict requirements defined by the Engineering Council UK. The title CEng is in use in much of the Commonwealth.
- [Regulation and licensure in engineering - Wikipedia](#) (2019/06/16 07:36)  
Becoming an engineer is a process that varies widely around the world. In some regions, use of the term "engineer" is regulated, in others it is not. Where engineering is a regulated profession, there are specific procedures and requirements for obtaining a registration, charter or license to practice engineering.
